Erlangen, 2022-09-26

Letter of Confirmation of Enrolment Period, Language of Instruction and Extension M.Sc. Electromobility-ACES (updated)

We hereby confirm that students who have been granted admission to our Master's degree program Electromobility-ACES for the winter term 2022/23 can enroll via letter mail from July 25th to September 30th 2022.

The FAU admission committee has checked the application documents, especially the English language skills. If an applicant shows a positive admission letter from FAU, then all requirements set by the admission commission have been fulfilled. The language of instruction will be English. The regular course duration is 2 years (4 semesters) and may be exceeded by 1 semester.

Our university is aware of the difficulties students might face regarding travel and their arrival. The program allows students who wish to take classes in presence to join the study program in person until the end of November 2022. It is also possible to enter Germany later if you take online classes at FAU. Examinations will be held in person on campus. For these examinations, students must arrive in Erlangen no later than February 2023.

Yours sincerely,

FAU FRIEDRICH-ALEXANDER
