Erlangen, 2023-08-21

**Extension letter / Confirmation of Enrolment Period and Language of Instruction  
M.Sc. Electromobility-ACES winter semester 2023/2024**

We hereby confirm that students who have been granted admission to our Master's degree program Electromobility-ACES for the winter term 2023/2024 can enroll via letter mail until 30 September 2023.

The FAU admission committee has checked the application documents, especially the English language skills. If an applicant shows a positive admission letter from FAU, then all requirements set by the admission commission have been fulfilled. The language of instruction will be English. The regular course duration is 2 years (4 semesters) and may be exceeded by 1 semester.

Our university is aware of the difficulties students might face regarding travel and their arrival. The program allows students who wish to take classes in presence to join the study program in person until the end of October 2023. It is also possible to enter Germany later if you take online classes at FAU. Examinations will be held in person on campus. For these examinations, students must arrive in Erlangen no later than 11 February 2024. Please note: if you are not able to be on site up to 3 days before the start of the exams, it is urgently necessary to deregister from the exams in due time (via campo).

Yours sincerely,

Signed Dr.-Ing. Oliver Kreis  
Managing Director Education
